

If you are coming to Cavallino Bianco and you are traveling with a teenager we invite you to read the decalogue we created for you for improving the integration of your son to our Teenie's club:

1. We have a dedicated wide weekly program with activities for teenagers only (from 11 to 17 years old)

2. The “Teenie's Room” is an exclusive space for teenagers only equipped with PS4, Wii U, a touch interactive table with countless board games, a table football and much more...

3. Pop in Lino Land reception and fill out the registration form to join the club (Teen pass)

4. Join the welcome meeting organized by the staff: it will help you to know and interact with your equals during the week

5. We will make it our personal responsibility to ensure the interaction with the teenie's in order to make the group as much close and active as possible.

6. We will add you to our weekly Whatsapp group in order to organize your holiday as good as possible and to be always updated on daily activities, potential changings and useful suggestions

7. During the activities the teenagers will be led by our capable staff, which is at their complete disposal

8. You can sign up for the activities by Whatsapp or informing the Lino Land reception

9. The teenager can sign up for the activities on his/her own and he/she will make it his/her responsibility to inform the parents about all the activity's details (time, price, useful advices...)

10. The teenager undertakes to respect the rules of the teenie's club and to behave politely and in a proactive way towards its equals and staff. Any form of verbal or physical violence leads to entry ban from the teenie's club.
